

We are excited to announce that our lobbies will be reopening on June 8, 2020.

While our lobbies have been closed since March 17, 2020 our Online, Mobile Banking and drive ups have been available for you. We encourage you to continue to use these options to meet your banking needs whenever possible as we collectively try to reduce the spread of the Corona virus.

As we reopen our lobbies, we wanted to share our plans to help keep our employees and customers safe.

Please do not enter the bank if you are sick or coughing.

We have installed protective clear partitions at our teller lines and new accounts desks.

Our restrooms and lobby waiting areas are currently not available for customer use.

We will be frequently cleaning shared areas and items.

We have placed social distancing discs on the floors in our lobbies to indicate proper six-foot spacing requirements.

Only customers conducting transactions are allowed in the bank. All others must wait outside.

Hand sanitizer will be available for customer use throughout the bank and we have instituted consistent cleaning protocols.

To limit exposure, we have temporarily removed many of the lobby items that you may be familiar with, such as coffee stations, cookies, bottled water, brochures, transaction tickets, etc.

As always, we encourage you to continue to use the drive-up, Online Banking and Mobile Banking services to conduct transactions.

As much as we would like to give you a high-five and a handshake, we are respecting safe distancing measures. Please keep a physical distance (6-feet) from others, wherever and whenever possible. If we feel that there are too many people in our lobby, we will ask for those closest to the entrance to step outside and wait patiently until our lobby is less crowded.

Masks or facial coverings for clients visiting our branches are not required but recommended. If you do decide to wear a mask or facial covering, please be aware that you may be asked to briefly pull down your mask upon entering the Bank so that we may properly identify you.
